

DRAMA

Why choose Drama?

In Drama you will build on the skills you have developed in S1 and S2 to improve your confidence and abilities in creating, presenting and understanding Drama. Further skills will be developed in team building, leadership and management.

There will be a greater level of technical experience in theatre arts including – video, lighting, sound, set and costume. You will also have the opportunity to work on a production in a role of your choice.

What does the course involve?

- Devising Drama – creating Drama from a stimulus in groups.
- Characterisation - learning to produce a character with greater skill and depth.
- Exploring forms - learning how to create different kinds of Drama
- Theatre Production – developing your skills in all areas of Theatre Arts and Technology.
- Acting & Directing - developing your ability and understanding of scripted Drama.

Homework in this course -

Homework can be in any of the following forms:

- Evaluation of work made and understanding of dramatic terminology
- Preparative work such as line learning, scripting and research

Not all homework will be written, you may also make things such as set and props.

Possible pathways in the Senior Phase

Leading to National 4 or 5 Drama in S4, and, also preparation for any subject that requires creative teamwork such as National 4 or 5 Media.
