

Business for the Next Generation

Business School Pupil Conference

Wednesday 5 June 2019
9-3pm

The University of Aberdeen Business School is excited to invite pupils from local schools to our Business for the Next Generation event, which will take place on the 5th of June. This pupil conference is aimed at S4 pupils who have moved into S5 (or S5 into S6) and have a genuine interest in Business Related Subjects, with the ambition to enter into further education after they finish School.

Pupils will be given the opportunity to see what we teach in the Business School, as well as experience different teaching methods. The day will include staff presentations, group-work sessions, external speakers, a talk by a member of our alumni about her pathway, a networking experience, as well as a managing your finances session. There will be an opportunity for a tour of the campus and a chance to hear from staff from elsewhere in the University.

Pupils should arrive at 9am for a prompt 9.30am start. The event will finish at 3pm.

Further information will be sent in advance of the conference.

Places are limited and we ask pupils to sign up using the link below by the **24th May 2019**.
